

12th September 2022

To Members of the Dover Ladies Luncheon Club

Hello Members

We are shortly resuming our monthly lunches after a break during August. I hope you have all enjoyed the beautiful weather although a little too hot for me at times!

The gardens have been grateful for the recent rain which has given life back to the grass which has been straw coloured for so long - it's amazing how quickly grass recovers.

We enjoyed an outing to the Transport Museum, which was interesting and nostalgic for many of us. This was followed by lunch at the Yacht Club.

You will be pleased to hear that the price of our meals is unchanged for the moment.

With regard to the lunches, there are a few points I'd like to make.

1. **It is a SET MENU except for those with special dietary restrictions, which we have a note of.** If you have a dislike for a particular food OR you are unable to eat a foodstuff due to medical reasons, then we need to know this.

Please inform Jennifer of these requirements. The chef orders food according to the numbers he's been given and therefore he is unable to change anything at the last moment.

2. **If the dessert is NOT to your taste, then ice cream OR fruit salad ONLY will be offered.**

3. **If you prefer NOT to have a dessert, you can be placed on the Permanent Cheddar cheese and biscuits list** from the September meeting. **Again, please inform Jennifer of this requirement.**

We ask for your co-operation in these changes. **If you wish to say anything, please refer to Adeline, who deals directly with the hotel for us.**

This **September we welcome George Chittenden speaking on the History and Heritage of Deal.** I'm sorry I shall not be with you on this occasion but I shall be in Spain for my granddaughter's wedding - postponed twice due to Covid!!

I'm sure you will be in good hands with Margaret Barker, my deputy, and I look forward to seeing you all in October.

With best wishes to you all.

Elizabeth
Chairman DDLC
